Dear Rafiq:

Thanks for your reminder. Yes, I confirm that I will attend the meeting on your back porch on Friday at 3:00 PM.

It is fine with me if Boris attends by electronic means.

I will have a lawyer with me and we will make a recording of the meeting using an iPhone. Within 24 hours following the meeting I will prepare draft Minutes of the meeting so that we will be able to recall what was said. I will distribute a draft of those Minutes to you and Boris and we can then agree on any necessary revisions.

Please confirm that you and Boris have received the two e-mail messages I sent you yesterday and today. There were many specific points in those messages, but the most important thing is that we do not have enough detail at this point to be able to fairly evaluate those bids. The easiest example of that is that Mystic thinks it can do the job for\$ while the other two want to do the same job for\$ and \$. The S&H proposal is completely unacceptable in its present form, since it is stated as a second change order to a first change order and an original proposal that were never performed. We would have no idea of what we were getting.

As I said, I will attend the meeting but I will not agree to an incomplete proposal. If we need more time to get the details we need, then I think we should delay the meeting.

Thanks again for the reminder,
Susan
